

Drishti 2026 AI Summit — Session Knowledge Base

Overview

The AI Summit is a three-day speaker programme held as part of Drishti 2026, the national techfest of College of Engineering Trivandrum (CET), Kerala. The summit runs from 18 September 2026 to 20 September 2026 and consists of twelve sessions in total: eight panel discussions and four solo talk sessions. Sessions are spread across four venues on the CET campus — the CETAA Hall, the CGPU Hall, the EEE Seminar Hall and the J C Alexander Hall — and run between 10:00 AM and 3:30 PM each day, with some sessions running in parallel at different venues. All speakers listed for the summit have confirmed their participation. Themes across the three days include AI in the automotive industry, AI for governance, AI in healthcare and medical devices, women in technology, the future of work, and questions of access and equity in artificial intelligence. Several sessions are supported by industry partners, most prominently Quest Global, whose automotive vertical team leads four of the panel discussions.

Day 1 — Friday, 18 September 2026

Day 1 of the AI Summit at Drishti 2026 has three sessions. At 12:00 PM the CGPU Hall hosts a panel discussion on women in technology. At 1:30 PM the CETAA Hall hosts a panel discussion on AI in the automotive industry. At 2:30 PM the EEE Seminar Hall hosts a talk session on cyber fraud and the governance of large language models.

Panel Discussion: Women in Tech — Building Tech Where Everyone Belongs

On 18 September 2026, from 12:00 PM to 1:00 PM at the CGPU Hall, the AI Summit hosts a panel discussion titled "Women in Tech: Building Tech Where Everyone Belongs." The panel brings together three confirmed speakers. Jeevadas K Y is a Manager for the Semiconductor Account at Quest Global. Mariyam Vidhu Vijayan is the CEO and Co-Founder of Crink. Dr Aswathy Udayan is Vice President at Equipo Health and holds a PhD and an MBA. The point of contact for this session is Aiveen.

Panel Discussion: AI in the Automotive Industry

On 18 September 2026, from 1:30 PM to 2:30 PM at the CETAA Hall, the AI Summit hosts a panel discussion on AI in the automotive industry. Two confirmed speakers take part. Tony Thomas is a Board Director at EQT, and the point of contact coordinating his participation is Aiveen. Dr Shivoh Chirayil Nandakumar is the CEO and Founder of RideScan, and the point of contact coordinating his participation is Devika Sajeesh.

Talk Session: Victims of Cyber Fraud — Governance Against LLMs

On 18 September 2026, from 2:30 PM to 3:30 PM at the EEE Seminar Hall, the AI Summit hosts a solo talk session titled "Victims of Cyber Fraud: Governance Against LLMs." The speaker is Advocate Jince T Thomas, a cyber lawyer, and his participation is confirmed. The point of contact for this session is Akshay V Sarma.

Day 2 — Saturday, 19 September 2026

Day 2 of the AI Summit at Drishti 2026 has five sessions. At 10:00 AM the J C Alexander Hall hosts a talk by the CEO of Kerala Startup Mission. At 10:30 AM the EEE Seminar Hall hosts a talk on medical devices. At 11:00 AM the CGPU Hall hosts a panel on AI for governance. At 12:00 PM the CETAA Hall hosts a panel on access and equity in AI. At 2:00 PM the CETAA Hall hosts a panel on AI-defined vehicles.

Talk Session: Anoop Ambika, CEO of Kerala Startup Mission

On 19 September 2026, from 10:00 AM to 11:00 AM at the J C Alexander Hall, the AI Summit hosts a solo talk session by Anoop Ambika, the Chief Executive Officer of Kerala Startup Mission. His participation is confirmed, and the topic of the talk has not yet been finalised. The point of contact for this session is Gautam.

Talk Session: Medical Devices — From Past to Future

On 19 September 2026, from 10:30 AM to 11:30 AM at the EEE Seminar Hall, the AI Summit hosts a solo talk session titled "Medical Devices: From Past to Future — The Global Journey and India's Position." The speaker is Anoop Gopinath, a Scientist at the Sree Chitra Tirunal Institute for Medical Sciences and Technology (SCTIMST), and his participation is confirmed. The point of contact for this session is Aiveen.

Panel Discussion: AI for Governance

On 19 September 2026, from 11:00 AM to 12:00 PM at the CGPU Hall, the AI Summit hosts a panel discussion on AI for governance. Two confirmed speakers take part. Dr Sabarish Karunakaran is Head of e-Governance at the Kerala State IT Mission (KSITM), and the point of contact coordinating his participation is Avaneesh. Ankit Asokan IPS is a Superintendent of Police with the Kerala Police Cyberdome, and the point of contact coordinating his participation is Abhimanyu.

Panel Discussion: AI for Everyone — Who Gets to Be Intelligent?

On 19 September 2026, from 12:00 PM to 1:00 PM at the CETAA Hall, the AI Summit hosts a panel discussion titled "AI for Everyone: Who Gets to Be Intelligent?" Two confirmed speakers take part, both from Cymonic. Sreejith Vadakara is Chief Technology Officer at Cymonic, and Akhil Pulikkal Nandakumar is an AI Architect at Cymonic. The point of contact for this session is Aiveen.

Panel Discussion: AI-Defined Vehicles — Transforming the Industry

On 19 September 2026, from 2:00 PM to 3:00 PM at the CETAA Hall, the AI Summit hosts a panel discussion titled "AI Defined Vehicles: Transforming the Industry." Four confirmed speakers take part, all from the Automotive Vertical at Quest Global. Jeena Paulson is a Program Manager, Divya M S is a Technical Architect, Rakesh V M is a Technical Architect, and Fathima Jinna is a Project Manager. The point of contact for this session is Aiveen.

Day 3 — Sunday, 20 September 2026

Day 3 of the AI Summit at Drishti 2026 has four sessions. At 10:00 AM the EEE Seminar Hall hosts a talk on AI in healthcare. At 10:30 AM the CGPU Hall hosts a panel on large language models in the car cockpit. At 1:30 PM the CGPU Hall hosts a panel on the intelligent cockpit. At 2:30 PM the CETAA Hall hosts a panel on AI and the future of jobs.

Talk Session: AI in Healthcare — Diagnosing Fast

On 20 September 2026, from 10:00 AM to 11:00 AM at the EEE Seminar Hall, the AI Summit hosts a solo talk session titled "AI in Healthcare: Diagnosing Fast." The speaker is Anup G Prasad, Lead AI Engineer at Equipo Health, and his participation is confirmed. The point of contact for this session is Aiveen.

Panel Discussion: The Car That Talks Back — LLMs in the Cockpit

On 20 September 2026, from 10:30 AM to 11:30 AM at the CGPU Hall, the AI Summit hosts a panel discussion titled "The Car That Talks Back: LLMs in the Cockpit, from Voice Assistant to Co-Driver."
